INTRODUCTION

This is the fifty-fourth publication of the Annual Report on Co-operatives for Nova Scotia for the calendar year 1990.

There are 272 co-operatives with 22 new co-operatives incorporated in 1990 and 22 co-operatives removed from the register. Sales have reached a record $512 million a $16 million dollar increase over 1989. Net income was over $4 million dollars an increase of $500 thousand dollars over 1989. Total assets at $258 million dollars show an increase of $8 million dollars. Members equity at $76 million dollars is an increase of $18 million dollars over 1989.

The Co-operative Branch's mission is to encourage and support co-operative activities and development in the province through an effective registry and resource office.

In addition to providing incorporation, registration, and examinations this Branch also has a video library, a resource library, over 20 publications on management and a competent advisory service to boards, management and people serving the co-operative community.

In this publication we have categorized co-operatives as either Consumer, where the members purchase products from the co-operative, or Marketing where the member sells products to the co-operative. Following are the categories that have been assigned to each co-operative.
